

GROUP PO

Designs used originally only by machines at contract post offices but later at some regular post offices

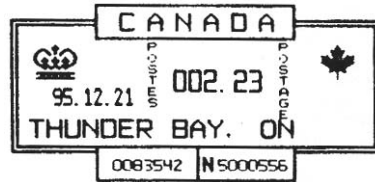

PO1 1988, Siemens Nixdorf (digital-dot matrix). Horizontal frank printed on self-adhesive label. Frank has double straight-line outer border with rounded corners. Frame lines are broken at top with panel containing "CANADA" and at bottom by panel containing PO ID# and M# with "N" prefix. Town mark is SL inside bottom at left. Crown at upper left and maple leaf at upper right. Value figures are oval.

- A. M# in 30000000 series \$1
- B. M# in 40000000 series \$5
- C. M# in 20000000 series (error) \$15

V/F: 000.00

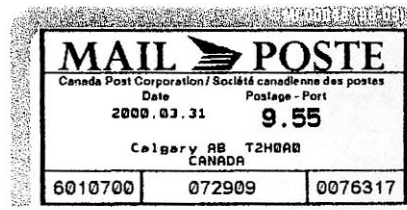

PO2 1990, Siemens Nixdorf (digital-laser). Similar to Type PO1 but frame lines have square corners, and the value figures are more angular. M# in 3- and 50000000 series.... 50¢

- A. Printed on plain white label
- B. Printed on label with silver-gray underprinting

V/F: 000.00

PO3 1997, Siemens et al (digital). Redesigned frank with single outer frame line, and single panel across top and three panels side-by-side across bottom. "MAIL (logo) POSTE" in top panel, and three numbers in the bottom panels (M# at left in 6000000 series). Below top panel is an inscription reading "Canada Post Corporation/Societe canadienne des postes". Printed on label with silver-gray underprinting.

- A. Inscribed "POSTE (logo) MAIL" at top
- B. Inscribed "MAIL (logo) POSTE" at top (shown)

V/F: (00)0.00

PO4 Siemens et al (digital). Similar to Type PO3 but "CANADA POSTES" above "POST CANADA" at top with circled postal logo at center..

- A. Printed on label with silver-gray underprinting (shown)
- B. Printed on wide white label with silver strip at top. With slogan at left "From anywhere... to anyone / De partout... jusqu'a vous"

V/F: (00)0.00

GROUP PD
