

Falkland Islands

- 345 Type A2: Meter EMD596972 has also been seen.
346 Type B3B: Change catalog value from \$20 to \$10.

Fiji

- 349 Type A2: Evidence exists that this is from a limited value-3 (LV-3) machine.

Finland

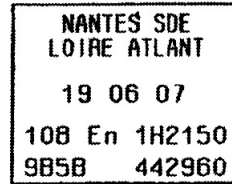

- 353 Type A4: Add small letter variety 'c':
c. As A, but without TM (674)
- 355 Type B3: Add model "F66".
Add large letter variety 'C':
C. As A, but value figures are smaller (model F66)
- 355 Type B4: In the value figures change "00000" to "00000p".
- 358 A new group was needed for the most recent meter stamps of Finland. New Group D is found on new page 358a which is located in Part 2 of the Supplement.
- 359 Type PO1: Change manufacturer 'unknown' to Nokia.

France

- 361 Add to the meter number index:
BS..... CB10 MC.....CB11 MDCB11 MFCA
MG.....AB1, CA7 MH.....CB11 MP.....CB11
- 364 Type AA7: The image is of a pre-war proof from 1936. 1949 is the first year of use.
- 367 Type AA20: Date should be 1998 or earlier.
- 369 Type AB6: Date should be 1998 or earlier.
- 369 Type AB11: Date should be 1999 or earlier.
- 370 Type B2a: Change the "c" to "F".
- 370 Type B3: Make the following changes:
B3A: To the \$25 line, add value figure: 00oo
B3E: To the \$20 line, add value figure: ★00
- 375 Type CB10: Also with meter number prefix "BS".

375 New type:

CB11 Pitney Bowes/Secap (digital). As Types CB6 and CB7 but with "LA POSTE" below the value figures. M# with "MC", "MD", "MH" or "MP" prefix. TM in rectangle.
V/F: 000,00

377 Type PO-B7: Add small letter variety 'd':

d. Military stamp. TM with "BUREAU POSTAL MILITAIRE" at top and number at bottom

379 Type PO-C5: Add large letter varieties 'A' and 'B':

A. Date figures: 00 00 00
B. Date figures: 00/00/00

380 Type PO-D2: Delete large letter variety 'A'.
Change large letter variety 'B' to 'A'.
Add large letter variety 'B':

B. Value in euros (EUR) with francs (FRF) below.

381 Pages for a new group, "PD – Postage Due" are found on new pages 381a and 381b. The new pages can be found in Part 2.

381 Type PP2: Change third line of the V/F to the following:

V/F: -0,00..... \$10

382 Type PP5: Delete. This is a duplicate of Type PP2.

French Guiana

385 In the top line of the introduction, change "territory" to "department".

385 Type 2: Also seen with M# prefix "S1" (S1 97374, "973 CAYENNE PREF. G.A./GUYANE")

385 Type 3: Change 'two' to three town marks seen. Add "973-CAYENNE/GUYANE".

385 Two new types:

5 Secap (MV). Similar to Type 1 but "POSTES" is wider. M# with "NA1" prefix. TM: SC. "CAYENNE R.P./GUYANNE FRANCAISE" seen.
V/F: 0000

6 Satas "L" (MV). Very similar to Type 1 but date and value figures more widely spaced. M# with "SL" prefix. TM: SC. "973 CAYENNE R.P./GUYANE" seen.
V/F: *000

French Indochina

386 Type 1: Earliest known date of use is 17 December 1948.

French Polynesia

388 Type PO2: Insert the image at right.

Replace bottom line of description as follows: "Value at far right above machine number with "P" prefix.

388 Change "P04" prefix to "P".

French West Africa

389 Type 2: The catalog image does not show clearly the "R" and "F" at the sides of "FRANCAISE". Replace with the clearer image at right.
